

SKILLIO

Weekly Plan

NLP

01

Natural Language Processing (NLP)

- 1 Basic Concept
-Introduction

Week 1

Natural Language Processing (NLP)

02

1 NLTK Setup & Overview

Week 2

03

Natural Language Processing (NLP)

1

Reading in Text Data

Week 3

Natural Language Processing (NLP)

04

1

Exploring the Dataset

Week 4

Natural Language Processing (NLP)

Practical examinations based on **four weeks** of learning

Exam

Natural Language Processing (NLP)

05

1

Regular Expression

Week 5

06

Natural Language Processing (NLP)

1

Removing Punctuation

Week 6

1

Tokenizing in Text

Week 7

08

Natural Language Processing (NLP)

1

Removing Stopwords

Week 8

Natural Language Processing (NLP)

Practical exam based on
four week learning

Exam

1

Stemming

2

Lemmatization

1

Count Vectorization in NLP

1

Spam Detection Model in NLP

Natural Language Processing (NLP)

Practical exams based on overall course learning

Exam

Congratulations!

You have successfully completed this course!
